Schools Encouraged to Apply for Schools Plus Funding

At Real Schools, we are on a mission to transform education in Australia. We urge schools to take advantage of the exciting new Partnership Opportunities introduced by Australian Schools Plus. These opportunities aim to transform the education landscape and equip schools with the tools and resources necessary to foster positive outcomes for children and young people.

This year's Schools Plus Partnership Opportunities allow eligible schools to apply for either a Single Year or Multi-Year Partnership.

"We are thrilled to support and promote the new Partnership Opportunities offered by Schools Plus," said Adam Voigt, Founder and CEO of Real Schools. "Education is the cornerstone of a thriving society, and by taking advantage of these Partnerships, schools can make a lasting impact on the lives of their students. Real Schools is excited to offer our three-year School Culture Partnership as an option for schools seeking to optimise the utilisation of this funding and make a lasting impact on their school community."

In recent years, Schools Plus have funded Real Schools Partnerships with five secondary schools across the Eastern Creek (NSW) network and funded the participation of Swansea Public School in their three-year Real Schools Partnership. You can hear about their experience at <https://bit.ly/SPSCHOOL>.

To learn how we can help and support your school, book a chat with us at <https://bit.ly/2023AV>.

To be eligible, schools must have an Index of Community Socio-Educational Advantage (ICSEA) value below 1000, and both individual schools and clusters of schools across all states and sectors in Australia are welcome to apply.

Applications for the Partnership Opportunities are open from 7 August to 11 September 2023.

Schools play a pivotal role in shaping the future of our nation. Through the Australian Schools Plus Partnership Opportunities, they can drive positive change in their communities.

About Real Schools:

Real Schools is on a mission to transform education in Australia. Founded in 2012 by Adam Voigt, CEO, Real Schools places an experienced former Principal as an Expert Facilitator with schools across a three-year partnership. A Real Schools Partnership means working closely with your school over three years to implement Restorative Practices as the foundation of your School Culture. Our upgraded approach, known as RP2.0, respects the demands of modern Australian schools and focuses on making impactful changes that yield both quick wins and long-term commitment.
